Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the car. There is only one way to cure degraess, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine capes out of ten are caused by Catarrh, which is nothing but an inflamed condition of the purcous surfaces.

which is nothing but at infance condition of the purcous surfaces.

We will give One Hundred Dollars for any case of Deafn.ss (caused by catarrh) that cannot be cured by Hell's Catarrh Cure. Send for circulars, free.

Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

"Never Too Late to Mend." Most of us associate the phrase "It's never too late to mend" with Charles Reade's famous novel, and very likely some of us think he invented it. But it is really one of the most ancient gems of popular philosophy. A correspondent of London Notes and Queries has discovered it in a petition from the commonalty to the mayor and aldermen of the city in 1433. It must have been of a respectable age even then, seeing that it is quoted as one of the proverbs of the period.

Something Happens Every Day.

It Wasn't the Tooth.

She went to a dentist's office to have a tooth filled. While the dentist was at work she squealed.

"Does it hurt?" he asked. "I should say so," she replied. "Guess I'll have to take it off."

And then, much to the dentist's surprise, she proceeded to remove a new shoe.-St. Louis Post-Dispatch.

His Price. "You say you saw me kiss your sister last night? Don't you suppose you could be mistaken?"

"Sure I could-for a quarter. That's what the other fellers always give me!"-Chicago News.
